# MASTER BUILDERS VICTORIA

Master Builders Victoria is here to support you, your career and your business. When you join Master Builders, our team becomes a part of your team. It is our business to help yours grow.

We are a member organisation, which means that everything we do is for the benefit of our members. We put members first - all the time, everytime. This includes representing your voice in government advocacy, and providing exclusive access to our specialist advice, services, products, and benefits.

We'll give you peace of mind. Our specialist teams in legal, OH&S and IR are on hand to ensure you have the right advice to run a safe, sustainable and compliant business. Our finance experts are available to help you to secure loans and lines of credit, and build financial wellbeing. Master Builders Training Institute provides professional development and training opportunities that are delivered by industry specialists, who are here to support you throughout your career.

We'll represent your voice in conversations with governments to ensure that legislation and regulations are developed to promote a viable building industry across the residential and commercial sectors.

**Stand apart from the rest. Be connected with the best.**

**Become a Master Builder. Join today!**

# MASTER BUILDERS, HELPING YOU MASTER COMPLIANCE IN YOUR BUSINESS

Master Builders recognises the complexity of running a successful business. Which is why our team of experts in Legal, IR and OH&S are here to support you with unlimited over the phone assistance included as part of your membership.

## IR Advice

Our IR team is on hand to talk you through your issues in relation to staff and contractors this could include:

- Wages, workers compensation, superannuation and long service leave
- Enterprise Bargaining Agreements (EBA's)
- Award conditions and employee entitlements
- Managing onsite issues relating to unions

## Legal Assistance

Our team of qualified Lawyers are available to talk through contractual issues and legal obligations. This could include:

- Selecting the right contracts
- Contract amendments and disputes
- Understanding your responsibilities under the law
- Understanding process and requirements with VCAT

## OH&S Support

Everybody needs a safe working environment, but knowing the best way to keep your team safe can be complicated.

Our team of OH&S advisors are available to work with you to help ensure you are minimising risk on site. This could include:

- Safety audits
- Assistance with SWIMS and risk assessments
- OH&S toolbox talks
- Regulation and legislation support

# MASTER BUILDERS, HELPING YOU MASTER YOUR BUSINESS INSURANCE

## Master Builders Insurance Brokers

MBA Insurance Brokers leverage great value for money insurance arrangements with preferred underwriters, ultimately keeping our members premiums down and their policy coverage broad. We look after a wide spectrum of builders, from those undertaking smaller straightforward jobs, to those building major projects with significant complexity. Insurance offers include:

- Construction Works Insurance
- Home Warranty Insurance
- Tradies Insurance
- Surety Bonds
- Professional and Public Liability
- Personal Insurance including home and car

### What our clients have to say:

“Their capable team have assisted us with a variety of insurance matters over the years.

We trust their expertise as they are supported by their appropriate resources, access to markets and service oriented team members.”

– *Alan Swanson Langdon Building*

“As you would expect, they possess an in depth knowledge of the construction industry and offer sound advice on policies that best suit our needs. Communication is also easy. Our account manager Brian Martinovich together with the rest of the senior account team are always just a phone call away when we need them.

Would I recommend MBIB? Without hesitation.”

– *Des de Santos Persona Group*

# MASTER BUILDERS, HELPING YOU MASTER THE SKILLS AND TRAINING FOR YOU AND YOUR TEAM TO SUCCEED

## Master Builders Training Institute

(RTO Provider Number 3935)

Master Builders training is delivered by experts with building and construction experience. Both face-to-face and virtual delivery are available. This blended delivery provides the flexibility that is required to manage studies and work projects.

Courses include:

- Builder Registration Program
- Construction Induction Training
- Waterproof Training for the Construction Industry
- OHS accredited training, including the Certificate III and Certificate IV WHS
- Certificate IV and Diploma courses in Building and Construction
- Accredited Project Management courses
- First Aid Training

## Building Leadership Simulation Centre

The Building Leadership Simulation Centre provides a real play learning environment. Our participants immediately have the opportunity to apply, practice and refine new skills. They are then coached through an individual feedback and critical reflection process by skilled observers.

In contrast to conventional training or workplace learning, a controlled simulation environment is SAFE; it accelerates learning through the immediate application of skills and knowledge. This dramatically improves learning retention while eliminating the risks that are inherent in a real-world setting, such as injury, cost and damage to future business.

# MASTER BUILDERS, HELPING YOU MASTER THE DAY TO DAY

## Contracts

Master Builders' range of user-friendly contracts are written by legal specialists, designed with builders front of mind. You can purchase these in hard copy or as e-contracts saving you time and money. e-contracts are professional digital contracts that are pre-filled with e-signatures at a touch of a button. Our contract range includes:

- New Homes
- Home Improvements
- General Conditions of Contract
- Subcontract
- Minor works
- Project Specifications
- ABIC range of contracts
- Commercial cost plus

## Regulatory Guidance

Members can access guidance regarding the interpretation of building legislation and the technical provisions of the Building Code of Australia including the associated Australian Standards.

## Master Builders Shop

Master Builders has a range of building specific products available for purchase online via our e-store. Members can purchase all products at a discounted rate. Our range includes:

- Site safety signs, standards or customisable with your logo
- First Aid kits and templates
- Acts and regulations
- Australian Standards
- National Construction Code (NCC)
- Master Builders branded clothing and merchandise
- Technical books and manuals

We can provide you with advice and assistance to help you gain the awareness, knowledge and confidence you need to nail your domestic or commercial builder registration.

As soon as you become a member with us, you receive access to exclusive online resources to get you started on your journey towards Victorian domestic or commercial registration. This awareness module includes:

- VBA application advice and information video
- VBA interview advice and information video
- Study question and answer workbooks
- 'How Ready Are You?' survey

Other Programs & Bolt-Ons available

## TESTIMONIALS

### How has Master Builders assisted you in your registration journey?

*"The curriculum system designed in the Diploma is such that it gives insight of the fundamental concept of the construction works, faculties in training and in registration are experienced industry experts. They know exactly what they are doing. They have trained me on this journey and always cleared all my doubts." – Manpreet*

### Why did you join Master Builders?

*"Initially, we joined the MBA as an accreditation, though through their services such as insurance, legal aid, schooling, workshops etc. they have become quite a valuable asset." – Steve Marasea*

### Would you recommend Master Builders to your mates? Why?

*"Of course! They just offer so much to someone in the industry especially who owns their own business. The amount of information they provide and keeping you on top of new trends is exactly what you need. I also believe their legal support is crucial for me starting out with my DB-U to make sure I'm following the correct procedure." – Tom McDermott*
